Apple sells and ships products to end-user customers only. You may not purchase for resale. Apple reserves the right to refuse or cancel your order if Apple suspects you are purchasing for resale.

Custom-Configured Product

Apple offers certain products that may be custom-configured to your specifications. Please review your order carefully. Once your custom-configured item has been prepared for shipment, it may not be changed or canceled. Learn more about Apple's [Return and Refund Policy](#).

Product Availability

Apple makes every effort to ship your product according to the estimated lead times provided by Apple. Although every effort is made to ship your order according to the lead-time provided, shipping dates may change due to changes in supply. To obtain information regarding the status of your order, we encourage you to use the online Order Status tool at www.apple.com/orderstatus that can be accessed through the Apple Store.

Given the popularity of some products, Apple may restrict the number of such items that you may purchase. Quantity restriction information is subject to change.

Apple endeavours to stay at the forefront of technological advancement. For this reason, Apple reserves the right to discontinue products without notice. If a product is no longer in Apple's inventory, Apple reserves the right to cancel buyer's orders related to such product.

Order Processing

The Head Office of Apple is located at **7495 Birchmount Road, Markham, Ontario L3R 5G2**. The products and/or services ordered by you will be described in your Invoice. Your total payment due, including all taxes, shipping and customs charges, if any, will be

as set forth in the Invoice. The products and services ordered by you will be delivered to you at the address provided by you on check-out at the Apple Store, as set forth in the Invoice Receipt. Your method of shipping will be selected by you at checkout, and will be set forth in the Invoice, along with the cost associated therewith.

Minimum Order Requirement

Apple may, without prior notice, establish minimum requirements for the volume of product ordered at one time, and may establish handling charges for orders that fall below such minimum order levels.

Order Cancellation

You may cancel an order provided the order has not yet been released to Apple's order processing and shipping facility.

Payment Methods

If credit is extended by Apple, you shall be invoiced upon shipment of product and you shall pay each invoice no later than THIRTY (30) DAYS from the date of invoice. Apple reserves the right to change credit terms at any time, for any reason, without prior notice.

If, in the judgment of Apple, your financial condition at any time does not justify extension of the terms of payment above specified, Apple may require full or partial payment in advance. If you become insolvent, or bankruptcy or other debtor's relief proceedings are instituted by you or against you, or you make an assignment for the benefit of your creditors or are unable to meet your obligations as they come due, any such event shall be deemed a material default hereunder, entitling Apple to cease performance under this Sales and Refund Policy and to avail itself of all legal and equitable remedies it may have against you.

Defaults

In the event of any default by Purchaser, Apple may decline to make further shipments without in any way affecting its rights under these Policies. The due date of all Apple invoices shall be accelerated so that they become due and payable immediately, even if longer terms had been provided previously. If Apple elects to continue to make shipments despite any default by the Purchaser, Apple's action shall not constitute a waiver of any default by the Purchaser or in any way affect Apple's legal remedies as a result of any such default.

Apple Financial Services Business Lease

The Apple Financial Services ("AFS") lease program allows customers to finance the acquisition of hardware, software, and services from Apple. Additional information regarding current lease program offerings from AFS can be obtained at <http://www.apple.com/ca/financing/leases/commercial/>.

Pricing & Sales Tax

Apple reserves the right to change prices for products listed on the Apple Store for Accounts at any time. Prices will include the price of the product (on the day of shipping) plus any applicable sales taxes, eco/environmental fees, and shipping charges. Sales tax is based on where the product is shipped and the sales tax rate(s) in effect at the time your order invoices. The proof of purchase includes any applicable sales tax.

If your order is being placed on behalf of a tax-exempt company please be prepared to provide proof of tax-exempt status. The company name on the order must exactly match the tax-exempt certificate based on the appropriate provincial requirements.

Shipping

As a service to our customers, Apple provides standard shipping on every order at no additional charge.

Orders shipped by standard service should arrive within 8-12 business days after shipping. If you prefer a faster method of shipment, you may choose to pay for expedited shipping (currently provided by Federal Express and affiliated carriers).

Shipping charges are based on the total weight of the order. Express-shipped orders should arrive within 5 business days after shipping. Delivery to the northern territories may take more than 5 business days.

Shipping Costs: Shipping costs are calculated and displayed before you complete your order on the Apple Store. You can also see shipping costs on the Order Acknowledgment email and on the online Order Status, <https://store.apple.com/Apple/WebObjects/OrderStatus.woa?sf=ca>. If you order multiple items, you may receive separate shipments. You will receive a Shipment Notification email for each shipment with the carrier's name and tracking information, if available. Shipping fees for the entire order will be charged when your first item is shipped.

Signature is required for delivery: Most of our shipments contain valuable computer equipment. If you will not be at the shipping address to accept delivery of your product, consider shipping the item to an address where someone you trust will be available to sign for your package. Please note that we are not able to adjust the shipping address once a package has left Apple's warehouse.

Undeliverable Packages: Occasionally packages are returned to us as undeliverable. When the carrier returns an undeliverable package to us, please contact us to make arrangements for reshipment.

Failed Delivery Attempts: Most of our carriers make three attempts to deliver a package. After three delivery attempts, the package will be returned to us.

Transit - Lost or Damaged

Title and risk of loss to all Products will pass to Customer upon shipment from Apple's shipping location. For products shipped pursuant to Apple's standard practices in all but the last week of every Apple fiscal quarter, Apple will issue credits or replace products returned due to damage in transit or that are lost in transit. For products shipped pursuant to Apple's standard practices in the last week of every Apple fiscal quarter, Apple will not issue credits or replace products returned due to damage in transit or that are lost in transit. Instead, Apple will provide third-party insurance for damaged or lost products with the Purchaser named as the loss payee.

When not shipping products pursuant to Apple's standard practices but instead shipping via a carrier selected by you, Apple will not issue credits or provide replacement products for products returned due to damage in transit or that is lost in transit.

Claims & Payment Process: For all product damaged or lost in transit in any week of the quarter, you must notify Apple Sales Operations within ten (10) business days from receipt of receiving damaged products, a short shipment, or not receiving an expected order.

For product shipped during all but the last week of Apple's fiscal quarters, Apple will either issue a credit or replace product damaged or lost in transit and place claims and/or tracers on your behalf. Apple will issue a credit or ship replacement product to you upon receipt of the damaged product or confirmation of the lost product.

For product shipped during the last week of Apple's fiscal quarters, Apple will prepare and file a claim with the third party insurance carrier with the Purchaser listed as the loss payee. Once the insurance requirements are satisfied, you will receive a cheque from the insurance carrier for the purchase price of the product rather than receiving replacement product or credit from Apple. Or, instead of receiving the cheque from the insurance carrier, you can elect to assign insurance proceeds resulting from lost or damaged product to Apple and Apple will credit your account for the amount of the insurance proceeds. You will need to place a new order for replacement product. Apple believes the insurance policy claim limits will be adequate to cover any losses incurred by you. However, Apple will not be liable in the event the entire claim is not covered for any reason, including exceeding the claim limits. Title and risk of loss to returned product will pass to the insurance company upon shipment to Apple by you.

Product Warranty

All new Apple hardware products carry a one-year Limited Warranty against defects in materials and workmanship. You may review a copy of the Limited Warranty on new products, including its limitations and exclusions, before you purchase, by clicking on the following link: <http://apple.com/legal/warranty>.

Non-Apple-branded/Third-party products are sold AS IS by the Apple Store, but may be accompanied by their manufacturers' standard warranties. AS IS products are sold by Apple as is, where is, and with all faults, and without express or implied warranties from Apple. If you have questions about any manufacturers' warranties that accompany such products, please contact the manufacturer directly.

By purchasing at the Apple Store, you acknowledge that you have had an opportunity to review Apple's warranty terms, have done so to the degree you need to be familiar with them, and you accept their terms and conditions, including the limitations, exclusions, and disclaimers in them.

Note: Products sold which do not bear the Apple Brand name are serviced and supported exclusively by their manufacturers in accordance with any terms and conditions packaged with the products (unless the third-party product is pre-installed in an Apple-branded computer). Apple's Limited Warranty does not apply to products that are not Apple-branded, even if packaged or sold with Apple products. Please contact the manufacturer directly for technical support and customer service.

If the item is returned unopened in the original box, we will exchange it or offer you a refund based on your original method of payment.

The product must be returned to the Apple warehouse within 14 calendar days of the issuance of the RMA. All products must be packed in the original, unmarked packaging including any accessories, manuals, documentation and registration that shipped with the product. A 10% open box fee will be assessed on any opened hardware or accessory.

Please note that Apple does not permit the return of or offer refunds for the following products:

- Product that is custom configured to your specifications
- Personalized products, such as engraved iPods and iPads
- Third party products
- Opened memory

- Software Up to Date Program Products (SW upgrades)

* You may return software after rejecting the licensing terms, provided the software is not installed on a computer. However, software that contains a printed software licence may not be returned if the seal or sticker on the software media packaging is broken.

NOTE: Apple asks that you use a carrier recommended by Apple keeping the following criteria in mind: (1) use a carrier that offers shipment tracing and (2) either insure your package for safe return to Apple or declare full value of the shipment so that you are completely protected if the shipment is lost or damaged in transit. You will be responsible for the loss or damage to the product during shipping.

If the product is deemed to be DOA, AppleCare Technical Support will offer you the following options:

* **Replacement:** Please contact Sale Operations to process a replacement product order and to obtain a RMA number to return the DOA product. * **Service:** You may have the product repaired; however, once serviced the product is no longer eligible for replacement.

DOA Terms and Conditions

* These DOA terms and conditions only apply to Apple-branded hardware products currently offered on the Apple Store. As new products are offered, Apple reserves the right to determine whether or not these terms and conditions apply.

* These DOA terms and conditions do not apply to third party products which do not bear the Apple brand name. You may call the manufacturer directly with any third party product issues.

* If the product is deemed DOA by AppleCare Technical Support thirty (30) calendar days after the invoice date, Apple's standard product warranty will apply.

* If the product is deemed by AppleCare Technical Support NOT to be DOA, Apple's standard product warranty will apply.

* Shipping will be arranged at Apple's expense for all products determined by AppleCare Technical Support to be DOA.

- Apple reserves the right to test returned DOA product. If the condition of the product is misrepresented, Apple may impose a fee for wrongful return, of \$400 upon you.
